

2004 Semillon Sauvignon Blanc

The Adelaide Hills produces arguably the finest Sauvignon Blanc in Australia. At Anvers Wines we always aim to produce complex, generous wines, and with this philosophy in mind, what better partner for our exceptional Sauvignon Blanc than the tight, focused flavours of Adelaide Hills Semillon.

Tasting Notes

We have blended the zesty, tropical flavours of unoaked Sauvignon Blanc with barrel-fermented Semillon to create a vibrant wine showing passionfruit and lemongrass flavours with understated oak, crisp balance and a refreshing acid finish. Best enjoyed now until 2006.

Bottling Date: November 2004

Production: 100

Winemaker: Duane Coates

Closure: Screw Cap

Alcohol: 13.1%
